### FISHING AT THE RIVER

When I was in junior high school, my father once took me to go fishing with him at the river on Sunday morning. The river lies across our oil palm plantation. We have breakfast first at home and then left early in the morning by motorcycle.

When we arrived in our plantation, my father parked the motorcycle under the hut. He asked me to collect some dry wood and dry grass or leaves. When I already collected enough wood and dry leaves, my father set a fire in the center of the fire place. He said that from the smoke of the fire would scare some dangerous animal like bear and boar to come closer to the hut and so it would make us safer.

After cleaning some wild grass around the hut, my father gave me hoe and asked me to dig some soil to find worms. When I already had enough worm<sup>1</sup>, I brought it to my father and we went straight to the river. We put the worm on the fishing hook as a bait to catch the fish. As a beginner fisher, I cannot apply the worm on the fishing hook well, and it look<sup>1</sup> like it was about to fall of<sup>1</sup> the hook, but my father said that it was okay. I threw the fishing hook into the river and wait for the fish to eat the bait, but nothing happened after a while. When I was about to get bored a saw a big prawn was slowly walking in the water. I placed the fishing hook slowly into the face of the prawn and move it up and down so the worm seemed alive. I never expected it to happen but suddenly the prawn move its hand and grabbed the worm on my fishing hook. I lift it very slowly and the prawn was still there hanging tight on the worm until I placed it on the ground and I caught it right away with my hands. My father was so surprise to see it. Before we went home, we cooked it at the hut and enjoyed it together.

### Swim In the river

One day<sup>2</sup> on the afternoon during my childhood I went to the river with my friends. we<sup>3</sup> lived at the small village and at village like that any places such as river, yard, farm and garden were the most enjoyable place to play together.

At the dry season, usually we played kites, fishing or swimming at the river. And that day was the day for swimming at the river because the day before we had already played kites. It was actually a terrible day. We were swimming<sup>2</sup> at the wrong place that was the place for the sand mining area. that<sup>3</sup> place was dangerous for children like because the depth and the stream were unpredictable. We did not recognize the danger of that area. we<sup>3</sup> swam happily because at that

area we could find some small boats that were used for mining. Of course, we use the boats to play also. We were eight children swimming at the danger place. at<sup>3</sup> first we did not know that there was something wrong happened<sup>2</sup>, we were still playing and swimming happily until the afternoon almost over<sup>2</sup>. Because we had been there for more than two hours<sup>2</sup>, we felt cold and stopped playing. We wore our cloth and finally we recognized that one of us was disappeared. We began to be panic and afraid. We called people who was still at the mining area and told them that our friend had gone. That people was also panic and angry the quickly began to look for our friend together. Many people explored the whole area to find our friend. three<sup>3</sup> hours left and the result was nothing. the<sup>3</sup> sky turn dark and finally they stopped the searching and would continue it tomorrow<sup>2</sup> at the same location and also the damn of the river. Unfortunately the people of our village and the mining area could not find him.

We were so afraid of that accident and we would never do the same thing at that river again.

A year ago, I went to Makassar, exactly to my uncle's house. I went there with my father and my mother by using of air plane. This vacation isn't the only great vacation I had. But this vacation was has really special for me than the other vacation I have, because I went there after 3 years I didn't go there. I spent almost a month there by doing many fantastic experience I have.

At the first day, when I arrived at Makassar, me, my uncle, my cousin, and my mom were went to an ice cream place. The ice cream was so delicious. That place called Moji. After had that snack, we are going to went home, because my mamma was tired. At the next day, I woke up earlier, my mam and I had a plane to take a walk around near my uncle office. When we arrived at my uncle's office, my aunty, came to me and said that would sing a song on Sunday at Church. I was suprised, cause I never performed in front of the peoples. I was scared, nervous, and couldn't sleep at night. So the plan, which made by me to take a walk with my mom is canceled because I had to pratice. On the day, on Sunday, finally I have to perfume in front of the people. I was really nervous till I wanted to throw up, but I calm my self down by had a conversation with my friend which is a boy. And that calmed me down. A few minutes past, it's the time for me to perform right now. By a thousand beliefs in myself I stand in front of the audience confidently. At the end of my performance, the audience clapped the hands for me, they said that I was sang really good. My voice wasn't miss out of the tune. It was the greatest experience for me.

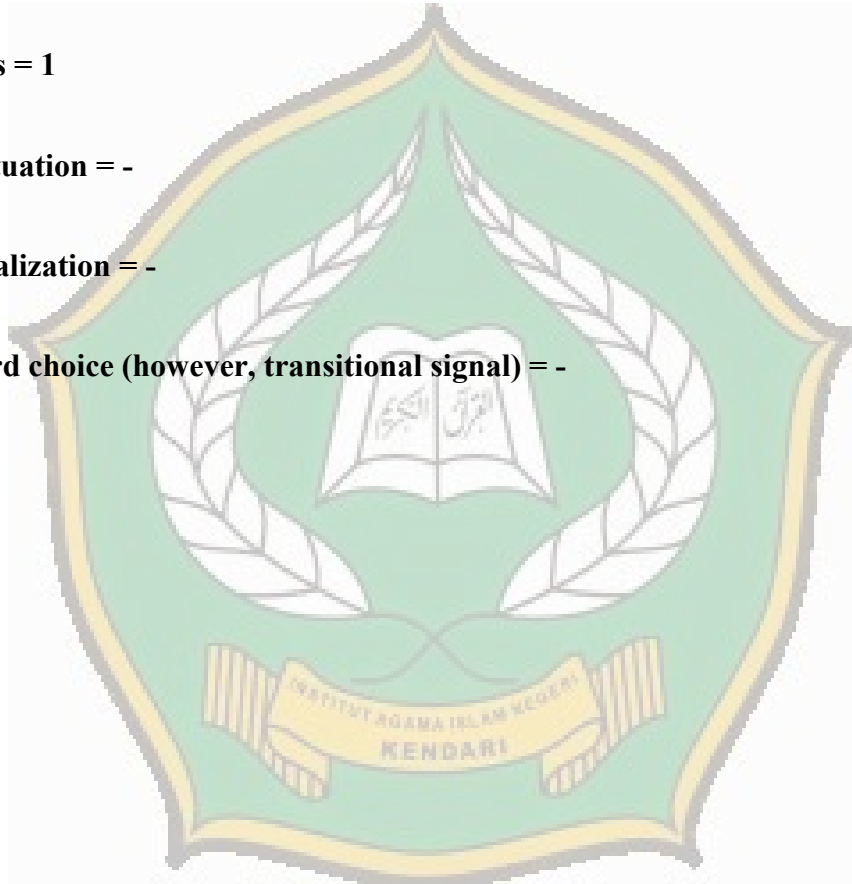

It was the wonderful experience I ever have. Standing in front of the people, singing and smiling to them is something I never did before. I was learned it at that opportunity and I believe that I was success. Begin from that experience<sup>1</sup>, I begin to be brave to try many new things in my life. I believe that we will never now our capacity until we try it.
